Gateway Safety Announces NEW Full-Line Catalog

Full-Color Catalog Features Many Independently Certified Safety Products

December 29, 2008—Gateway Safety, Inc. is proud to announce the publication of the 2009 edition of its full-line product catalog, a complete sourcing guide for more than 60 styles of safety eyewear, hearing, respiratory, head, and face protection products. Consisting of 32 full-color pages, the catalog includes eight product sections with comprehensive ordering information.

An exclusive, value-added feature of the new Gateway Safety catalog is the safety certification information: specially designed icons provide easy, “at-a-glance” confirmation of the appropriate safety certifications for each safety product, including ANSI, CSA, UV-A and UV-B, and Underwriters Laboratories Certifications for eye and face protection and independently tested Noise Reduction Ratings (NRR) for hearing protection.

Gateway Safety is known for their leadership role in promoting the use of stylish, attractive polycarbonate lenses, as well as special lens coatings—such as anti-scratch and anti-fog—that make their safety eyewear more durable, comfortable, and functional. The company has also driven the industry by producing a number of cutting-edge frame designs. With its focus on developing protective eyewear that workers want to wear, Gateway Safety helps its customers increase worker compliance and can help reduce worker’s compensation expenses.

Gateway Safety, Inc. designs and manufactures cost-effective, dependable eye, hearing, respiratory, and head and face protection products that workers want to wear. Since 1944, Gateway Safety, Inc. has made it its mission to help companies increase safety compliance and improve the overall welfare of their employees – which, in turn, helps companies reduce the high costs associated with eye and face injuries. For more information contact Gateway Safety, Inc., 11111 Memphis Ave., Cleveland, OH 44144. Phone: 800-822-5347. Fax: 216-889-1200. Web: www.gatewaysafety.com. E-mail: info@gatewaysafety.com.
